## 6516208624.txt

I am a truck driver and have had my XM Radio for 2 years, and love it very much!! As a driver this is the best thing to come along for driving cross county. I listen to Nascar, A truckers channel, CNN for all my news, the weather channel, All across this beautiful county. I love the different music channels you can receive. You can't get this with a local channel. You have to change the channel all the time, or not get a channel in a lot of areas!! To be up dated in weather and traffic in citys is wonderful!!! Please do not discontinue my XM Radio!!!!!!

Thank You, Cindi Armington
